

FINANCIAL SERVICES GUIDE

The information in this Financial Services Guide ('FSG') is specific to the financial services provided by ACNS Capital Markets Pty Ltd (ABN 93 088 503 208) trading as Alto Capital ('Alto').

Introduction

Our FSG is designed to assist you in deciding whether to use any of the services provided by Alto. It explains the services we can offer to you and the types of products we offer. It also explains how we (and other related persons) are remunerated for these services, any conflicts of interest, and includes details of our internal and external complaints handling procedures and how you can access them.

If you choose to use our services, you may also receive from us a Product Disclosure Statement ('PDS') and/or a Statement of Advice ('SOA'). To invest in any financial products, you must complete the application form attached to the relevant PDS. The PDS contains information about the product and will assist you in making an informed decision about that product.

A PDS must be given to you in connection with any offer or recommendation to invest in:

- Managed Funds
- Exchange Traded Options
- Warrants from the primary market
- Superannuation products
- Margin Lending Facilities
- Cash Management Accounts

When we commence providing you with personal financial product advice rather than general financial product advice, we will give you a SOA. Personal financial product advice is advice that considers one or more of your objectives, financial situation or needs. The SOA will contain the advice, the basis on which it is given and information about fees, commissions and any associations which may have influenced the advice.

When providing you with ongoing advice and services, in circumstances where there have been no changes in your objectives, financial situation or needs since the time we provided you an SOA, and where there has been no change in the basis of the advice we provided you, we will create and retain a Record of Advice for a period of seven years. You may request a copy of that advice at any time during that period.
